EDUCATION

PSG college of arts and science, coimbatore — BSC

2018-2021

**SRM INSTITUTE OF SCIENCE AND TECHNOLOGY , CHENNAI
— MSC**

2021-2023

PROJECTS

**ROYAL ENFIELD CLONE WEBSITE — Built using HTML,CSS
and BOOTSTRAP. LINK: [Document \(fleek.co\)](https://fleek.co)**

In my project, I spearheaded the development of a responsive website clone inspired by Royal Enfield using a combination of HTML, CSS, and Bootstrap. This involved meticulously crafting the layout and structure of the site, encompassing key sections like the homepage

**FOOD WEBSITE — Built using HTML,CSS , BOOTSTRAP ,
JAVASCRIPT and API CALL .github
[sabaris-swat/food- website api \(github.com\)](https://github.com/sabaris-swat/food-website-api)**

Successfully integrated API calls , dynamically fetching and displaying food recipes on the user interface.Developed a responsive and visually appealing user interface using HTML, CSS, and Bootstrap, ensuring an optimal viewing experience on various devices.

**TASK MANAGEMENT — Built using REACT and REACT-Router
<https://github.com/sabaris-swat/task-management->**

I built this for the task management that has two portals ,one for admin and another for users.admin assigns the task and the user will see using only the user portal because it is a protected route .

**STONE ,PAPER ,SCISSOR — Built using REACT
<https://stone-paper-scissor-psi.vercel.app/>**

It's a game between computer vs player . it built using state and effects using hooks in react and also css animation to it .It's a single player game.

**REAL-ESTATE PROJECT — Built using REACT with
MATERIAL-UI <https://real-estate-nu-eight.vercel.app/login>**

I built this for the hack-earth competition,my website has two portals ,one for seller and another for buyer .The seller can post property details and location and if user want to shows interest it will come to seller page

SKILLS

REACT

MATERIAL-UI
